ORDER PROHIBITION THE U. S. NAVY

SECRETARY DANIELS ISSUES A
RULE TO BAR LIQUOR FROM
EVERY SHIP.

ORDER EFFECTIVE JULY 1

A Clear Head and a Steady Hand
Is Needed, Says the Secretary
of the Navy.

Washington.—Absolute prohibition will prevail in the United States navy after July 1 next. Secretary Daniels made public a sweeping order, which not only will abolish the traditional "wine mess" of the officers, but will bar all alcoholic liquors from every ship and shore station of the navy. This order, constituting one of the most notable victories ever won by prohibition forces, was issued on the recommendation of Surgeon General Brainerd.

"The use of introduction for drinking purposes of alcoholic liquors on board any naval vessel, or within any yard or station is strictly prohibited, and commanding officers will be held directly responsible for the enforcement of this order."

In a statement Secretary Daniels said:

"I am in hearty agreement with the views expressed by the surgeon general. There should not be an shipboard or stationer's liquor. It is a rule for officers and another and a different rule for the enlisted personnel. The addition here in my official capacity as an officer of the navy, I am not permitted to be intoxicated. During the past week it has been my painful duty to approve a court-martial for dismissal from the service of an officer for being drunk. He told me that he never had tasted intoxicants until he did so in the wine mess on the cruise. Other officers have been disciplined for drinking to excess have made similar statements to me.

"Officers now are commissioned at the early age of 22 years. A few have government duty to perform, and the highest usefulness of young officers? I think not. If any one profession more than any other is to be carried on with a clear head and a steady hand, it is the naval profession.

MAN SLAIN WITH AN AX

P. O. Bonnett Murdered in Sleep at
Hawkinsville, Ga.

Hawkinsville, Ga.—Paul O. Bonnett, 22 years old, was killed here as he lay in bed sleeping. An ax, apparently, was used in the murder. Harry Lee, one of the dead man's friends, who roomed with him, is being held by the police pending an investigation. Lee is 18 years old.

The youth denies any connection with the killing and claims it was done by a negro. He claims he was awakened by the noise made by the negro in time to see him escaping from the room. Bonnett is survived by a wife, now living in Florida. Lee, who roomed with Bonnett in his place of business, ran out of the store at one o'clock in the morning and gave the alarm. He declared that his uncle had been killed by someone who used an ax. He says that both were in bed and that he heard someone in the store and, looking up, saw the party, whom he did not recognize, with a large ax raised, and that the murderer then fled the death blow before he could do anything, and escaped.

Boy Killed by Mule's Kick.
Atlanta.—Dolores Ford, the four-year-old son of Mr. and Mrs. W. Ford, was killed to death near their home on Flat Shoals road, where Mr. Ford conducts a farm and dairy. The child had gone into the field with its mother and approached the mule, when the mother's attention was directed to other things. The animal turned suddenly and kicked the child several times, which resulted in crushing his skull. He was rushed to the Grady hospital, but died. The body was removed to Bloomsfield's chapel and funeral arrangements will be completed later. The body was removed to Bloomsfield's chapel.

Fleas Cause the Plague.
New Orleans.—Fleas carried in sacks of sugar and not rats are responsible for the recently reported cases of bubonic plague at Havana, Cuba, according to Surgeon General Guiteras, director of sanitation for the republic of Cuba. In a letter to Dr. Oscar Reusling of the United States health department, he said that the fleas were the cause of the plague. Surgeon Guiteras states in his letter that he conducted more than twenty-five hundred laboratory experiments and found that the fleas were the cause of the plague. He said that the fleas were the cause of the plague and that the rats were not.

Many Spaniards Deported.
Torreón, Mexico.—Gen. Francisco Villa ordered that the 600 Spaniards of Torreón be deported. He issued instructions that trains be provided immediately and that the exodus to El Paso, Texas, should begin at once. Their property will be temporarily confiscated. It is the president of Chihuahua over again, and is said to express the deep-rooted suspicion and enmity against which the native Mexican and particularly the peon looks to the Spaniard.

ROBERTO V. PESQUERA

ROBERTO V. PESQUERA

Washington.—Absolute prohibition will prevail in the United States navy after July 1 next. Secretary Daniels made public a sweeping order, which not only will abolish the traditional "wine mess" of the officers, but will bar all alcoholic liquors from every ship and shore station of the navy. This order, constituting one of the most notable victories ever won by prohibition forces, was issued on the recommendation of Surgeon General Brainerd.

"The use of introduction for drinking purposes of alcoholic liquors on board any naval vessel, or within any yard or station is strictly prohibited, and commanding officers will be held directly responsible for the enforcement of this order."

In a statement Secretary Daniels said:

"I am in hearty agreement with the views expressed by the surgeon general. There should not be an shipboard or stationer's liquor. It is a rule for officers and another and a different rule for the enlisted personnel. The addition here in my official capacity as an officer of the navy, I am not permitted to be intoxicated. During the past week it has been my painful duty to approve a court-martial for dismissal from the service of an officer for being drunk. He told me that he never had tasted intoxicants until he did so in the wine mess on the cruise. Other officers have been disciplined for drinking to excess have made similar statements to me.

"Officers now are commissioned at the early age of 22 years. A few have government duty to perform, and the highest usefulness of young officers? I think not. If any one profession more than any other is to be carried on with a clear head and a steady hand, it is the naval profession.

SENATE HOLD-UP CANAL BILL

REPEAL MEASURE IS REFERRED
TO SENATOR O'GORMAN'S
COMMITTEE.

Spectacular and Heated Debate Is
Expected When Measure Is
Introduced.

Washington.—There was every indication that the announcement of the reserve bank organization committee had given the signal for a determined struggle upon the part of several cities which were disappointed to overrule the committee on the decision to bring about a restriction of the country, or at least a change in the reserve cities named.

Under the law the decision of the organization committee is not subject to review except by the federal reserve board. This board probably will not be named by President Wilson for several weeks, but in the meantime it is believed that those disappointed with the committee's announcement will bend every effort toward paving the way for changes. It was pointed out that the anti-administration forces, under the leadership of the late Senator O'Gorman, had been successful in securing the repeal of the measure. The committee's plan was criticized in congress and there were reports of keen disappointment from several cities which were in the race to secure the reserve cities and which failed to secure them. Three members of the senate banking and currency committee, two Republicans and a Democrat, found fault with the plan.

NEW CHIEF OF U. S. ARMY
Washington.—Maj. Gen. William W. Wetterspoon, now assistant chief of staff of the army, has been selected to succeed Maj. Gen. Leonard Wood as chief of staff at the end of Gen. Wood's term, April 22. Brig. Gen. Hugh L. Scott, commanding the troops at Fort Bliss, Texas, will be assistant chief of staff.

100,000,000 Capital for Reserve Banks
Washington.—The new federal reserve banking system will start business with a total authorized capital of about \$100,000,000 for all reserve banks, no matter how many institutions the organization committee may decide to set up. This fact became apparent when figures were made public from all national banks reposing to the last call of the controller of the currency, made March 4. The statement giving these figures will be made by the end of the month.

FIGHT IS PLANNED TO SECURE BANKS

DECISION OF COMMITTEE CAN BE
REVERSED ONLY BY THE
RESERVE BOARD.

MAY INCREASE THE NUMBER

Federal Reserve Board Cannot Be Ex-
pected to Reverse Itself,
However.

Washington.—There was every indication that the announcement of the reserve bank organization committee had given the signal for a determined struggle upon the part of several cities which were disappointed to overrule the committee on the decision to bring about a restriction of the country, or at least a change in the reserve cities named.

Under the law the decision of the organization committee is not subject to review except by the federal reserve board. This board probably will not be named by President Wilson for several weeks, but in the meantime it is believed that those disappointed with the committee's announcement will bend every effort toward paving the way for changes. It was pointed out that the anti-administration forces, under the leadership of the late Senator O'Gorman, had been successful in securing the repeal of the measure. The committee's plan was criticized in congress and there were reports of keen disappointment from several cities which were in the race to secure the reserve cities and which failed to secure them. Three members of the senate banking and currency committee, two Republicans and a Democrat, found fault with the plan.

REBELS TO ATTACK TAMPIOCO
Admiral Fletcher Predicts Federal
Will Abandon Gulf Port.

Washington.—Following closely on official advice from George C. Carothers, American consul at Tampico, of the flight of the federal troops from that city, came a prediction from Rear Admiral Fletcher that the federal army would be abandoned by the rebels within a few days.

Administration officials made no comment on the report. The federal army, however, is not likely to crystallize until more is known of the battle itself and its effects in Mexico City and elsewhere.

NEGRO WOMAN IS LYNCHED
Mob at Muskogee, Okla., Hanged Negro
Woman.

Muskogee, Okla.—A mob of negroes, who killed Lemuel Pease, a young white man, by driving a knife into his heart, was taken out of the city and hanged by a mob of negroes. The mob, which was masked, overpowered the jailer, a colored man, threw a rope over the woman's head and dragged her out of the jail.

VITAL FORCE
Disease germs are on every hand. They are in the very air we breathe. A system "run down" is a prey for them. Vital force depends on digestion—on whether or not food nourishes—on the quality of blood coursing through the body.

**DR. PIERCE'S
Golden Medical Discovery**
Strengthens the weak stomach. Gives good digestion. Enriches the blood. Purifies the system. Cures all diseases of the stomach and bowels. Cures all diseases of the blood. Cures all diseases of the system. Cures all diseases of the body.

**MUSTEROLE Loosens Up
Congestion From Colds**
Just rub a little on the chest and throat tonight, and the soothing relief this clean, white ointment, made with oil of mustard, gives.

MADAME DA FONSECA

BULLOCH TIMES

Official Organ of Bulloch County
Published Weekly by The
BULLOCH TIMES PUBLISHING CO.
D. B. TURNER, Editor and Manager.
Subscription, \$1.00 PER YEAR.
Entered as second class matter March
23, 1905, at the postoffice at Statesboro,
Ga., under the Act of Congress, March
3, 1879.
Telephone No. 81
THURSDAY, APR. 9, 1914.

The reason a political job is spoken of as a berth is because it brings so many men to life for the first time.

Don't relieve your mind of troubles merely to burden some one else's.

If you want to find out if your wife is picking your pockets, place a love letter with your coin.

Parents don't realize how deep their little ones are rooted into their hearts until one is removed.

It's wise to be decent. Even the most obscure are sometimes urged into the race for political office.

If good advice could only be received in the spirit in which it is given, more of it would be given.

Some folks act as if it were a favor to them to be able to do one for you—and there is another kind.

Many a father goes busted putting his son through college when he might better buy him a corner grocery.

A lot of folks who think they know a good thing when they see it, spend too much time in front of the looking glass.

Nine times out of ten the person who says that people don't appreciate him, doesn't appreciate the people who made him.

A husband is suing for a divorce because his wife spanked him every night. He now proposes to let her paddle her own canoe.

There's some satisfaction in contemplating airships as the mode of travel for the future. Pedestrians won't have to dodge them.

The man who would solve the mystery of woman could make a good start by finding out what she sees in man to charm her.

Usually the man who imagines he is the whole thing doesn't amount to more than about half as much as his more modest brother.

When a woman doesn't remove her hat in a public gathering when requested to do so, we wonder whether there is as much below as there is above.

If no voters could qualify except those who could tell the next day for whom and for what they voted, it is doubtful if over one per cent of the people could cast a ballot.

Whenever a couple, of which the husband is about half the size of the wife, appear in public, the men folks can't resist making remarks about who is the boss in the household.

At this season of year with such sudden changes, it is so easy to take cold, and almost before one is aware there is inflammation in the bronchial tubes—a hard cough and unless checked in time chronic pulmonary troubles may result.

Townsend Young of Roanoke, Pa., says: "A severe bronchial trouble contracted caused me much difficulty about breathing. My chest felt clogged up and there was considerable soreness. I tried different remedies without help; but I am glad to say that Vinol cured my bronchial trouble which had lasted for three months. My breathing is all right and the soreness entirely gone from my chest."

Vinol contains the curative, healing principles of fresh cod livers (without oil) and tonic iron. We guarantee it to be delicious in taste and to satisfy you with its medicinal effects.

W. H. Ellis Co., Druggists, Statesboro, Ga.

Loyalty to Duty.

The TIMES has not been an advocate of Mr. Underwood in the times past, but now that the fight is over and he has been successful in his candidacy for the United States senate, we are frank to admit that he is a great man, and in many respects the best man for the position to which he was elected. Whatever else may be understood from the result, one thing is apparent, that the people of Alabama are faithful to reward their public servants with loyalty to duty. While Mr. Underwood has made a vigorous campaign throughout the state, Mr. Underwood had steadfastly remained at his post. His majority under the circumstances is the more flattering, though not surprising. The people are ever ready to reward the man who remains at his post.

In this connection it is not inopportune to refer to our own congressman, Charlie Edwards, who is standing on guard in Washington while he is being attacked, belittled and misrepresented among his constituents by those who have personal ambitions or hope for reward because of his defeat. But, as in the case of Mr. Underwood, the people know justice and will bestow it where it belongs. While Mr. Edwards is looking after their interests, the people will not forget him, and for loyalty to duty—the small as well as the large duties—he will be rewarded when the time comes for the people to pass judgment upon him.

All men at some time or other make fun of women because of their reputed propensity for linguistic effort (or words to that effect), but most of them have been made happy by one or a few words coaxed from a woman's lips by great effort.

Big Politics Stirring.

With the announcement from Gov. Slaton that he will be a candidate for the unexpired term of Senator Bacon, big politics were set astir in Georgia. There were already two big men in the race for the office—Congressman Hardwick and Attorney General Felder. The entry of Gov. Slaton assures a warm time.

There are many possibilities in the race for the senate, and no one will know the outcome until the votes are counted. The chances might be said to favor Gov. Slaton from the fact that both his opponents are from the Hoke Smith faction in Georgia, while he is the representative of the other faction. It does not appear, however, that the lines are to be drawn closely in this regard, and it is possible that this will not count for much in his favor. Senator Smith has stated that he will keep his hands off the contest, which would seem to assure a freedom from the usual factionalism.

There are reasons, then, why the other aspirants might be considered to have some advantages. Senator Smith is from Atlanta, and may be considered as the special representative of that section of the state in a sense. Gov. Slaton is also from that city. Attorney General Felder comes from Macon and Congressman Hardwick from Sandersville, both points being in central Georgia. If geographical lines are to be drawn at all, this fact should benefit them to some extent.

Another factor in the race will be Hon. Thomas E. Watson. He has not been heard from yet, but he will be. He is known to be bitterly opposed to Mr. Hardwick, and, of course, will fight him for all he is worth. The question is, how much will it be worth, and which way? Some profess to believe that his opposition will help him, and it certainly will in some sections; but will it help more than it will hurt? Mr. Watson has not succeeded much of late in defeating those whom he opposed vigorously, and he may not try to take a hand in the present contest. He may be a candidate himself, and there might be a good opportunity for him to show exactly how strong he is in the state.

BULLOCH TIMES, STATESBORO, GEORGIA.

ROYAL BAKING POWDER

Absolutely Pure
Absolutely has no substitute

Many mixtures are offered as substitutes for Royal. No other baking powder is the same in composition or effectiveness, or so wholesome and economical, nor will make such fine food.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar

J. W. Donehoo Dead

Atlanta, Apr. 7.—Mr. James W. Donehoo, aged sixty-seven years, and native of Fulton county, died at his home in Inman Yards Tuesday morning, after an illness of less than two weeks from pneumonia. Mr. Donehoo is survived by his wife, one daughter, Mrs. M. L. Wood, of Adabelle, Ga.; four sons, Dr. J. E. Donehoo, of Statesboro, Ga.; Messrs P. O., L. C. and S. A. Donehoo, of Atlanta, and two brothers, F. M. and E. A. Donehoo, of Atlanta.

The funeral will be held at 11 o'clock Thursday morning from the Inman Yards Baptist church, with interment in North View cemetery. Rev. Butts, Rev. Bass and Rev. Pickens will officiate.

Mr. Donehoo had been afflicted since early manhood with the rheumatism, and at the time of his death was a member of the Inman Yards Baptist church.

For Sale

Having moved away and yet being able to look after my property in Statesboro, I offer for sale at a bargain three vacant lots in that city, each very desirably located for residential and other purposes. Also one lot in East Side cemetery. For prices and terms communicate directly with me. M. L. Tinsley, Box 78, Waynesboro, Ga.

Property Brings Good Price.

The home of the late Mrs. C. A. Smith, sold at public outcry last Tuesday, was bought by Dr. S. J. Crouch for \$3,500. The lot is located adjoining the TIMES office, and is 71 by 104 feet, fronting on East Main street. It will be seen that the price aggregates about \$21,000 per acre. Dr. Crouch bought the place as an investment.

The Mutual Life Insurance Company of New York

In 1913

In benefits to policyholders, the "Oldest Company in America" made a record in its 71st year never before achieved in life insurance.

\$17,201,730.49 in Dividends

\$18,078,540.88 for 1914

Total Paid Policyholders, \$63,757,992.51

This total, including death claims, endowments, dividends, surrender values, etc., was nearly a million and a quarter a week, and exceeded the amount received directly from policyholders during the year by \$5,271,666.43. Other notable features of the year's record are

to be refunded in like manner during the current year in the form of so-called "dividends." Among the remarkable achievements of 1913 should be cited the

Before buying your cultivators and spring tooth harrows, see me. Geo. Rawls.

The committee appointed by the last grand jury to examine the county books, began their labors this week. The committee consists of Messrs. J. W. Davis, A. E. Temples and B. A. Trapnell.

Wanted—Your Eggs, Chickens, etc. The highest market prices paid for them. The Bland Grocery Co.

The registration books for the next fall election closed Tuesday with a rush, quite a large number of names being added on the last day. The present registration is in the neighborhood of 4,000 for the county, which is at least 25 per cent more than ever before. It is confidently believed that not less than 3,000 votes will be polled in the primary next month.

I would appreciate a chance to show you the new policies written now by the old Mutual Life Ins. Co. of New York before you buy your next policy. E. M. Beasley, agent, Statesboro, Ga.

Notice

I take pleasure in stating to my friends and former customers that on Thursday, April 16, I will open up for business with a line of choice family and fancy groceries in the brick store next to Ollie's restaurant on West Main street. This firm name will be Barnes & Perkins. I have associated with me in the business my father-in-law, Mr. J. H. Perkins. We will appreciate a share of the public patronage.

J. H. BARNES.
